Annual Report 2021

Bihar Voluntary Health Association

West of Ganga Apartment, LCT Ghat, Mainpura, Patna 800001

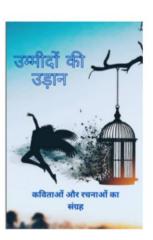

FROM THE DESK OF PRESIDENT AND SECRETARY

Dear Partners,

Dr. M.K. Sahani, *President, BVHA*

Mr. Ramashankar Sharma Secretary, BVHA

Between the start of a promising new decade and the end of the reporting year, the COVID-19 pandemic has ripped through the world and exposed all our vulnerabilities as a human race. The time has come to carefully reconsider the future and prepare a viable strategy to approach the new normal with which we are confronted. At Bihar Voluntary Health Association, due to the nature of our existing programs, we are fortunate that we have not had to make significant course corrections due to the drastic change in events; we have only had to modify timelines. This is largely due to the fact that our programs focus on creating shared value and align strongly with Sustainable Development Goals.

As regards its activities during current financial year BVHA has continued to implement various issue based projects& programs related to –Maternal Health,

> Dr M K Sahani President

Malnutrition, Infant and Child Health and Growth Monitoring, Maternal Death Review, Sexual and Reproductive Health Rights, Child Marriage, Arsenic Mitigation, Child Protection, Tobacco Hazards, Personal Hygiene and Sanitation, Gender participation, Eye care and protection in rural as well as urban areas of Patna district, domestic violence, Anaemia Control, promoting routine immunization, Covid-19 response& vaccine promotion flood disaster relief & response, safe abortion practice, YLR, ACT-Bengaluru etc. In addition to that, BVHA has also worked closely to link the marginalized communities of Bihar with various govt schemes by joining hands with Health Watch Forum, Wada Na Toda Abhiyan, CCHT, Alliance for Immunization in India and other similar fora.

This would not have been possible without our people. At BVHA, our members are passionate about making a measurable impact in everything we do. It is the power of our people, our unique culture and innovative approach, which helps us deliver enduring results. BVHA acknowledges (celebrates and empowers) the individuality of each of its members and their unique personalities that have led to the success we have reached today. At BVHA, we believe that only when you are empowered with freedom and opportunity, you rise above the task at hand and take complete ownership to make a difference in society.

Here, we feel our privilege to present the annual report of Bihar Voluntary Health association (BVHA) before all of you on the eve of our 53^{rd} Annual General Body Meeting and we will be pleased to receive your feedback/suggestions& future support to work jointly for the social cause.

Shri Ram Shankar Sharma Secretary

EXECUTIVE DIRECTOR WORDS

I feel great privilege to present the annual report of BVHA on the eve of AGBM. This annual report, deeply appreciates the insights and dedications of the members of the BVHA, who are spread over every corner of the state. The association is proud of the dedicated employees involved in human resources directly or indirectly with the parent organization.

As the year engulfed by a historic global crisis, BVHA faced 2020 with the dedication that it always has. As COVID-19 ravaged the state and the India and other similar fora. country, the organization stepped in to help. BVHA provided critical help to healthcare institu- cies whose continuous support and supportive tions and frontline workers, while also ensuring food and survival kits for the underprivileged and those who lost their jobs due to the pandemic. BVHA continued its work of ensuring access to affordable healthcare and education for all. Despite challenges and delays, other projects also continued. After tackling many challenges in a difficult year, BVHA steps into a brave new world with confidence and optimism. As regards its activities during current financial year BVHA has continued to implement various issue based projects& programs related to -Maternal Health, Malnutrition, Infant and Child Health and Growth Monitoring, Maternal Death Review, Sexual and Reproductive Health Rights, Child Marriage, Arsenic Mitigation, Child Protection, Tobacco Hazards, Personal Hygiene and Sanitation, Gender participation, Eye care and protection in rural as well as urban areas of Patna district, domestic violence, Anemia Control, promoting routine immunization, Covid-19 response& vaccine promotion flood disaster relief &response, safe abortion practice, YLR, ACT-Bengaluru etc. In addition to that, BVHA has also worked closely to link the marginalized communi-

ties of Bihar with various govt schemes by joining hands with Health Watch Forum, Wada Na Toda Abhiyan, CCHT, Alliance for Immunization in

BVHA is indebted to various development agensupervision have helped it in achieving its set target for the current financial year. Hence, in this regard, BVHA would like to extend its special thanks to the State Health Society Bihar, MOH&FW-GOI, Department of ICDS-GOB, Department of Panchayati Raj-GOB, Women and Child Development Corporation-GOB, Directorate of Health Services-GOB, the Unicef-Bihar, SIMAVI Netherlands, KKS-Germany, Misereor-Germany, Amplifychange Network Grants, The Sight Savers, S. C. Johnson Company Ltd, TBZ-Mumbai, Americares, Fullerton, IPAS Development Foundation, Mundo (Neatherland), IGSSS-New Delhi, Arohan Financial Services Pvt Ltd, Alliance for Immunization & Health, The Hans Foundation. The Union. CCHT etc.

We are counting on your faith, trust and support as we move forward together in our journey towards empowering marginalized communities and heralding a great future that we owe to our coming generations.

> Swapan Mazumder Executive Director

ABOUT BIHAR VOLUNTARY HEALTH ASSOCIATION (BVHA)

Bihar Voluntary Health Association (BVHA) is a registered society, registered under Societies Registration Act XXI of 1860 at Patna, Bihar. BVHA was established in 1969 by Fr. James Stuart Tong with the support of Medical Mission Sisters of Kurji Holy Family Hospital with a belief *"Health - a reality for all"*. The idea was to create a secular association of Charitable Health Centers, Dispensaries, Hospitals and grass-root Voluntary Organizations who are engaged in Health & Health related development activities in their respective areas. At present, BVHA works to promote community health through its state-wide network of 150 member organizations and 300 associated organizations.

Since inception, mother and child health is prime focus of BVHA including the capacity building of CSOs / charitable hospitals/health centers to strengthen their service delivery mechanism. From mid-seventies to mid-eighties, BVHA was identified as nodal agency by Govt. of Bihar, Dept of Health for distribution of vaccines through its member CSOs/hospitals to provide services at the rural community people by maintaining proper cold chain.

Now BVHA is experienced in successful implementation of various community sensitization programs on health and its social determinants like community health, SRHR, menstrual hygiene, communicable and noncommunicable diseases, child marriage etc. It has vast experience in creating enabling environment by convincing concerned officials, policy makers and policy implementers based on the evidences gathered from communities across Bihar. Capacity building of grass-root CSOs for its different levels of personnel as per their need and orientation of Govt. outreach frontline health service providers on various aspects are major interventions of BVHA. BVHA has direct reach to all the 38 Districts of Bihar through its network organizations.

BVHA has good experience in working with the health department of GoI and well as state govt., UN agencies mostly with Unicef and Unfpa, international and national development agencies in addressing various health and social development issues. BVHA has become a part of many network/forums/alliances to address many health and social issues jointly at various levels.

BVHA's major strategies to intervene are Support to Civil Society Organizations (CSOs) by building capacity, Networking, Creating Enabling Environment / Advocacy and emergency Disaster Relief Work.

PHILOSOPHY

BVHA's philosophy is to make the community health a reality for the people of Bihar by initiating and strengthening people's organizations. Its major thrust is to develop the organizations so as to promote people's action for responding to their need.

<u>VISION</u>

BVHA assists in making community health a reality for all the people of Bihar with priority for the less privileged millions, with their involvement & participation through the voluntary health sector.

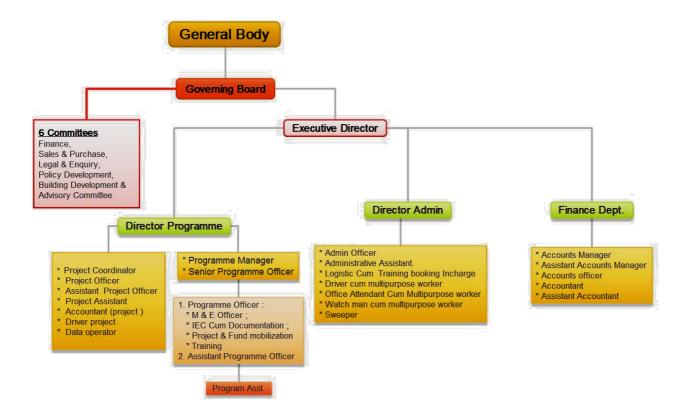

MISSION

The mission is to reach to the un-reached through Charitable Hospitals, Dispensaries, Health Centers & Voluntary Organizations/Institutions involved in health promotion and also groups, professionals & individuals engaged & dedicated with some concern in health promotion of the people of Bihar with priority for the less privileged millions with their involvement and participation through the Voluntary Health Sector.

<u>GOAL</u>

The goal of BVHA is to have a healthy community through community health action, by promoting social justice in the provision & distribution of health care. It is believed that people grow better when they are encouraged to do whatever they can for themselves. It is hoped that good health may become a reality for all the people only through organizational activities at the voluntary level. Persons and associations classed as voluntary have great opportunity to help people at the weakest & most depressed. To see the value of good health and have access to basic health services as human rights. Primary health is the prime crux of the health care delivery system and is most important to ensure community health promotion.

Organogram of BVHA:

The major stakeholders of BVHA are:

- Network Member Organizations. Charitable Hospitals, Dispensaries & health centers run by charitable organizations, grass-root level voluntary organizations.
- Associated Organizations especially for Grassroot level Civil Society Organizations.
- Govt. Officials of different Departments.
- Law Enforcement personnel.
- Judiciaries.
- Policy makers (Legislative Assembly and member of Parliament)
- Govt. Frontline Outreach Health service providers.
- Health service providers and Managers.
- Elected representatives of Panchayati Raj Institutions.
- Community leaders / Religious leaders / tribal leaders.
- Women.
- Children.
- Youth / Adolescents (both girls and boys).
- Men.
- Members of various community level institutions – SMC, CPC, VHSNC, RKS etc.
- Community People.

BVHA's Member Strength:

At present, BVHA has 150 member organizations (Health Centres, Dispensaries, Charitable Hospitals and Voluntary Organizations engaged in Health & Health related development activities) and about another 300 voluntary Organizations are associated with BVHA through various programs and Alliances.

Network Membership

Organizational strategies

Implementation Strategy of BVHA Programs:

BVHA Generally implement its projects / programs mainly through 2 ways – Direct Intervention and another is through Network Organizations.

Direct Interventions:

In this, BVHA directly implements program / project activities through its own personnel.

Indirect Interventions:

As BVHA is network organization, hence BVHA tries to implement most of its projects through its network organizations. A proper contract is done with the concerned partner organizations as per the project deliverables. BVHA provides rigorous training to the project team members of the project partner organizations on subject issues and project cycle, handhold support to the project team at project areas, regular review of the project to gauge the progress and also do the corrective measures as per the monitoring findings of BVHA.

Monitoring and Evaluation:

In both the implementation processes, BVHA management team do the regular periodic monitoring and evaluation work to make the project successful. Time to time 3rd party evaluation is also done wherever required.

Liaison with Govt. Departments and Other Agencies:

It is an integral part of most of the project/program interventions. From the beginning of any project/program, BVHA tries to make a good liaison with Govt. stakeholders and other similar agencies for time to time progress sharing and also on the identified gaps and challenges for drawing their attentions as well as ensuring their support. BVHA also capacitates its member / partner organizations to establish better liaison with Govt. stakeholders.

Community as First Priority:

For any project/program interventions, focus has given to most neglected and marginalized communities for their better access of their rights and entitlements. Strengthening the Community based institutions like SHGs, Panchayati Raj, youth club/groups, mothers groups, school management committees, Child Protection Committees etc. are one of the important component under community mobilization.

Organizational Infrastructure:

Bihar Voluntary Health Association has its own 3 storied building on its own land with all modest & modern facilities. Well Equipped office with Internet, Wi-Fi and necessary furniture and fixture. It has its own vehicles (One 4 wheeler jeep, motorbikes and scooties) for travel. 3 LCD Projectors, desktops and laptops, digital cameras, scanners, printers, photocopier, Television etc.

BVHA has a big training hall and one medium hall with all required facilities – LCD, Audio system, chairs and tables. The big hall have sitting capacity of 80 persons (in a theatre style) and30personsinmediumroom.BVHA has facility to provide accommodation of 60 persons in dormitory style. Also two AC Guest rooms are available with attached washrooms.

Fighting against **Malnutrition**

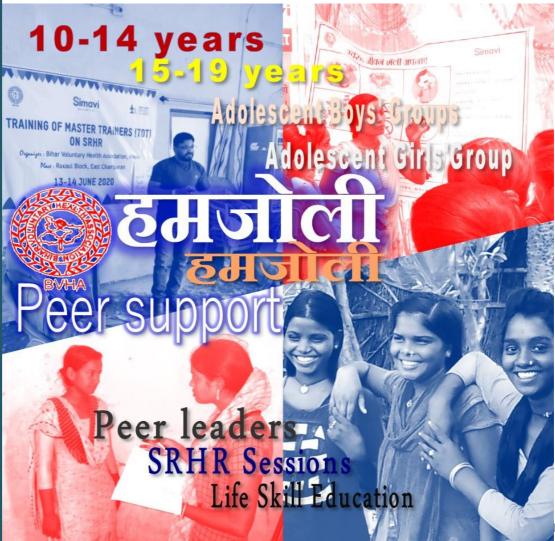

Tracking of Malnourished Children: Regularly tracking the malnourished children of the mahadalit children of our target villages is an important activity of the project. Growth monitoring of under 5 children of all 10 target villages were conducted during the reporting period and found that the annual average percentage of malnourished children is 44%. The malnourished children are regularly sent to Nutritional Rehabilitation Centre (NRC), Masaurhi with their mothers. There were 05 malnourished children sent to NRC and have completed their full course of their treatment.

Demo-based nutrition activities on IYCF & balance diet were conducted in 07 villages with the support of Food & Nutrition Department, Govt. of India.

Preparation of Nutrimix: Total 226 kg. of Nutrimix prepared and distributed among the severely malnourished children in a good quality plastic container. BVHA is collecting Rs. 40/- per packet as Local Contribution. BVHA has also sent the Nutrimix to SGS India Pvt. Ltd., Kolkatta, a renound laboratory to find out the nutritious value of the Nutrimix prepared by the SHG members under supervision of BVHA project personnels. The report of the laboratory test was also shared with Food & Nutrition Board, Ministry of Women & Child Development, Govt. of India. They have approved the product to be distributed among the malnourished children.

The community people are getting familiar with government Nutritional & Rehabilitation Centre, Masaurhi as BVHA has been linking the target community with the center. The malnourished children are being referred and admitted to the NRC on regular basis.

- Various training programs in regards to addressing the malnutrition issues, strengthening of community-based organization like SHGs and Farmers club have been organized.
- 500 small and marginal farmers have been given vegetable seeds kitchen garden
- 100 compost pits have been made by the beneficiaries and using the vermin compost to avoid the side effect of Chemical fertilizers
- 573 kitchen gardens have been promoted and households are getting green vegetables specially drum stick and others
- 72 Malnourished children are getting benefits from ICDS

Knowledge on Life Skills and SRHR

One of the biggest contributions of the project has been capacity development of young people on life skills and SRHR. Based on the findings from the baseline assessment, peer leaders and group members across all adolescent groups were provided comprehensive training on life skills and SRHR. Two training modules were developed for girls and boys named 'Lalita' and 'Babu' respectively after the central characters in the module. These modules and other supportive training aids such as videos, infographics etc to train adolescent girls and boys in batches. The trainings were provided by BVHA staff and also ASHAs, ANMs, Anganwadi worker and local panchayat persons who were trained as master trainers. In this way a cadre of master trainers from the community was created. During the training sto motivate girls and also to explain to parents that with support everything is possible. Information on family planning was also provided to older adolescents and also to parents.

1291 boys and 8875 girls got training under SRHR training.

Ensuring parental approval for their children to attend these trainings was challenging but parents were sensitized on the purpose of the trainings. Some parents of girls also attended the training themselves out of suspicion. But after attending the trainings they were convinced that such information was necessary and important for all young people.

Better informed about SRHR:

Over the past four years, x number of girls were provided with comprehensive life skills and SRHR information. This led to significant increase in knowledge on these issues including learning about negative consequences of child marriage. Girls have also expressed that they will carry this learning forward in their lives and try to influence others. Knowledge from the trainings were discussed in the group meetings led by the peer leaders/discussion leaders. BVHA staff mentored adolescent meetings to provide hand holding support on the sessions. Cross learning and sharing meetings were held with various groups at the panchayat level.

Total 300 beneficiaries containing 210 adolescent girls and 90 women were screened for Hb testing

Hb testing campaign: An Hb testing campaign was organized under the project to know the level of hemoglobin among the adolescent and women. BVHA team along with pathologist visited to preplanned venues of 6 villages of project areas. Beneficiaries were participated willingly in the campaign. Beneficiaries were very excited to know their hemoglobin status. After screening, they were counselled about good practices and nutrition to maintain Hb level in blood. Beneficiaries were also provided result on uniquely designed report card which contains information about anemia and nutrition.

Nutrimix for anaemic Women and Girls:

Nutrimix a nutritional supplement which are made by multiple grain like; wheat, rice, pulse, gram, oats etc. it is very helpful to regain good nutritional status. Keeping this in focus nutrimix were distributed among adolescent girls and women who were found low Hb level during the heamoglobin careening campaign.

Demonstration of Kitchen Garden: since, most of anemia in the project area is nutritional anaemia, BVHA has been promoting kitchen garden as a most important initiative under the project. Most of the target beneficiaries have no land or little land in their backyard. In this situation, such vegetables were planted which grows and spread on roof of huts and houses. Identification of beneficiaries for kitchen gardening was done during the baseline survey and home visits. **Lemon Tree Plantation:** lemon has vitamin 'C' properties that play a vital role in formation of hemoglobin in the body. Taking this in mind, lemon tree plantation was conducted in the project area. A good variety of lemon tree was bought from nursery. Local leaders and front line workers also actively participated in the activities. Total 300 lemon tree were planted in the project area. Importance of lemon tree was also discussed during the activities.

Child marriages stopped

CCIDI GCGIO "We are more Than Brides"

Total number of adolescent's trained-

I told my father that "your daughter is studying but someone else's daughter is suffering. How can you tolerate this." We can't stay silent, in future also I'll raise my voice and try every possibilities to fight against such social evil

> .- Raj Kumar, Discussion leader Majhaulia Block.

> > 10-14 girls group-254

> > > 15-19 girls group **244**

"We have been able to stop child marriage – our own and that of many of our friends and other girls in our village. Girls usually don't know what they will do after marriage. Parents force them to get married. But we go to parents, meet them and try to convince them to delay the marriage of their daughters."

> - Amisha Kumari, Discussion leader Raxaul Block.

Change Agents: Peer Leaders •When asked to introduce oneself, Arti Kumari from Dhangarwa village in Majahulia block mentions her own name, the name of the girls group that she is part of and that she is a discussion leader of the group. Similar introductions are given by many other girls and boys. These discussion leaders are the peer leaders of their respective groups, a cadre of youth leaders created under this project. Each group selected two persons from among them as peer leaders who are the drivers of change among adolescents – they encourage their peers in the village to join the group, facilitate group meetings with support from the field coordinators, motivate group members to stay on in the group and promote collective action in preventing and stopping child marriage.

Hunar:

Economic Empowerment/ Skill Development/livelihood

40 girls who successfully completed their sewing and tailoring course were provided with sewing machines to help them start earning an income.

Young girls lacked viable alternatives to early marriage and face limited options for educational and economic attainment. There is always a societal pressure upon these girls which restricts them to follow their own dreams. More often they have to give up their dreams and choices for the safe of honor of family. Girls have no negotiable power and lack self-confidence to keep their desires and opinions of their own life in front of their family. Boys are allowed to further studies and are often sent outside of village for their college while girls are asked to stay back in village and finish her college in village itself where the career options are quiet less which limits her aspirations.

Livelihood

There were several shops opened, goats and tricycles and four wheeled carts provided to the needy beneficiaries under the Income Generation activity. 04 trades are being run under the vocational training activity and many women and youth are trained. Only Tailoring training for the women was being conducted but, it was stopped due to second wave of pandemic.

Maternal Health:

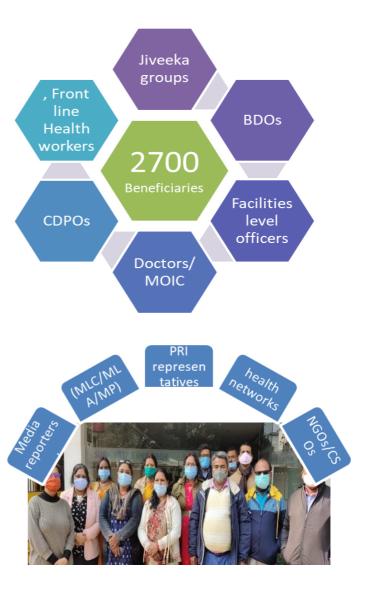

Safe Abortion

10 Operational Districts

• Banka, Sitamarhi, Saran, Kishanganj, Munger, Madhubani, Nawada, Rohtas, Patna & Vaishali

Major Achievements:

- Public representatives' meetings were conducted especially MLAs, MPs and Zila parshad, interaction were good enough to more advocacy for MTP acts.
- Media reporters support us to cover events and personal meeting media coverages were increased in result of more interaction with media persons and activities were done as well as for mass movement in respect of community mobilization on safe abortion issues and implement MTP Acts 1971.
- Media posts are good initiatives for more visibilities in social media platform. Need to ensure more visible and improvements.
- More virtual meetings and field visits were conducted so that programmes are more vibrant and understanding level increased among the staffs.

Network strengthening (working together)

BVHA is a largest health network in Bihar. The main objective of Networking is to provide synergic strength to the network of CSOs working in the health & related sector to act as a united pressure group for proper implementation of health programs & policies as well as to bring positive changes at the local, district, regional & state level. In Bihar, there are 9 Divisions and hence BVHA has 9 Regional Forums for decentralizing the BVHA's activities and also respond more to the regional needs &

also focusing on major health issues of state. BVHA is also part of various networks and Alliances and BVHA acts as secretariat of some of such Alliances.

Capacity building of CSOs so that they can facilitate collaboration on enhancing youth leadership and promotion of sexual and reproductive health of young people.

- Searched the different donor agency for grant opportunity like from Freedom Fund. SJJT, Vitamin Angel, Marico Innovation Foundation, Call for Action-Covid-19 from HCL Foundation, Goonj, Ajim Premji Philanthropic Initiatives, Sukhibhavo (for MHM), Dr Reddy Foundation, Children's Hope India,Coca-Cola Anandana Project, Paul Hamlyn Foundation, Water Aid, Engender Health, Global Water Foundation, Global Youth Cooperative, Rise Against Hunger India for the partners for Jamui & Banka.
- Support provided to CSO partners for draft organizational policies. For smooth functioning of the organization.
- Support provided to CSO partners in preparing concept note on Climate-Change & Trafficking for submitting a proposal to donor.
- Two trainings were conducted for youth leaders who were selected by the CSOs partners under AmplifyChnage Network Grant in the month of September and December 2020 on the issue of

of Youth Sexual Reproductive Health & Rights , Role of Youth in Growth of rural economy, RKSK, Career opportunities for youth in development sector, Indian Constitution & Youth, SRHR and Indian Laws, Cyber-crime- Young people and

children and Youth development and its emergence as human endeavor. In this training total 40 participants were participated.

- Support provided to CSO partners for getting relief material for flood relief distribution from Americares Foundation. Only one partner from Sitamarhi qualified for the grants.
- Prepared draft proposal on Vocational and Skill Development training for adolescent girls and women for one of our CSO partner.
- Few of Amplifychange partners nominated their youth leaders in the governing board.
- Support provided to those CSO partners who were actively worked in the flood affected districts for getting CSR funds for flood relief distribution and conducting the flood relief campaign.
- Support provided to those CSO partners who were actively involved in the field of agriculture to get fund from Bill& Milinda Gates Foundation on Agriculture and also provided support to church based organization to get fund from Loyola Foundation for Catholic Organizations exclusively.
- Support provided to CSO for communication with leading nationalized bank for CSR grants.

Human and Child Trafficking Collective Coalition against Human Trafficking (CCHT)

Bihar Voluntary Health Association is a member of Collective Coalition against Human Trafficking in Bihar. BVHA is the divisional Secretariat of CCHT for Patna divisional which cover six districts i.e. Bhojpur, Buxar, Rohtas, Kaimur, Nalanda and Patna. Various activities were conducted during the year 2020-21 such as state level orientation cum consultation programme for all the Divisional conveners & district conveners, District level

Under the CCHT each and every divisional conveners and district conveners were given responsibility to develop at least 4 AHT (Action against Human Trafficking) clubs by involving students of High Schools and Colleges.

CCHT

CCHT core committee meetings, meetings of District Level Core Committee members with different concerned govt. officials and stake holders engaged in Child Protection and Child trafficking issues. The CCHT core Committee Members in 6 districts under Patna division have rescued more that 50 children from being trafficked. Accordingly BVHA has formed four AHT clubs at Xavier's Institute of Management and Technology, Patna Women's College, BIT Meshra and Department of Social Work (Patna University. Each AHT club is formed with 15 to 20 students with one concerned teacher as mentor. Due to COVID-19 pandemic, only one face to face orientation is done for the AHT members at Xavier's Institute of Management & Technology.

Helping women in need:

Domestic Violence

Globally ,15-17% of women suffer physical, psychological and sexual intimate partner violence. Studies shows that 33-60% of Indian women have faced spousal violence and 28% of ever married urban women have experienced physical violence in the past year. The last decade has witnessed a 120% increase in reported gender- based crimes, more than 300,000 such crimes were reported in 2018.

Crimes against women in Bihar has increased by 15% in 2018 as compared to the previous year according to data published by NCRB.

BVHA has been implementing a project with the support of TBZ with following objectives;

To provide counselling and rehabilitation to the women victims of domestic violence through a central helpline (PANKHI) counselling and face-to-face counselling service in accordance with The Protection of Women from Domestic Violence Act 2005.

To integrate counselling and crisis intervention through a central helpline service available to the victims.

To increase the identification, reporting, and referral of cases of gender-based violence by community leaders through the use of helpline.

To facilitate the implementation of protocol to respond to cases of gender based violence.

To provide needs based and timely referrals to the victims of domestic violence.

To conduct Awareness sessions on Gender Based Violence in community and corporation school to children studying from 7th to 12th standard.

Major Achievements : -

1000 people, including men, women and adolescent were aware about domestic violence and DV act 2005. On PANKHI helpline no 8767000000 have done 5 telephonic counselling. 27 victims of domestic violence have got legal counselling and registered their cases in our counselling centre.

Access to Formal Education

Facility Assessment of Schools: The vulnerability assessment of adolescents led to identifying large number of adolescents particularly girls as school drop outs. Following the ASER education assessment, facility assessment of the schools was undertaken in the intervention area to identify the reasons for drop out. 40 facility assessment has been conducted in 34 schools based on RTE compliance tools.

Bridge course centers. Bridge to succes. Bio crizit 21 cacacz forbiti2a at ment Aucac Ale gely Honolitari a law entra at more Hone of the relater it action.

Remedial Education:

Bridge course centers were operated in school premises and IDC centers for the students who have dropped out of school and need to catch up to join main stream classes. Under the bridge course they get classes in English, Hindi, Math and monthly test are taken to check their improvement. SMC members and teachers conduct home visits to convince drop outs to return to school. **Empowerment of SMCs:** In many places SMCs had not been formed or were not functional. The project team facilitated the formation of SMCs where they were not formed. School management Committees were oriented on RTE norms and about their roles and responsibilities. These committees periodically check the status of girls' education in their respective area

COVID *Response*

Awareness regarding covid-19 pandemic and distribution of 10500 hygiene kit which contents Mask, Hand sanitizer, shop, Hand wash shop and cloths.

Exploring

digital-social platforms in Covid-19 pandemic

This is the first time any living generation has experienced a pandemic of this scale, and we're just beginning to understand social media's ultimate role.

In the midst of the global pandemic, digital technologies have captured our imagination for their potential to support us in the fight against COVID-19. Before the current COVID- health, education, social and economic crisis, the most visible uses of emerging technologies, such as Artificial Intelligence, have been their applications in entertainment, in increasing productivity and convenience. Emerging technologies have become a battleground to widely disseminate online disinformation, but also to identify and help contain it. Sharing the right information with rural communities is emerging as an important need in tackling the COVID-19 pandemic. The unavailability of content in local dialects and regional languages is posing a big challenge to NGOs that are working in rural areas to spread awareness. Traditional forms of communication like face to face meetings, posters, handouts and wall paintings are also not possible during the lockdown making it harder for them to reach rural households.

BVHA came up with dedication to encounter these emerging challenges though wide use of digital technologies and social media to implement its programs without interruptions.

Formation of clusterwise whatsapp groups of different stakeholders like; adolescent girls and boys, PRIs, Frontline workers, Child Protection Committees etc.

Audio visual IEC development: BVHA made saveral informative videos, short infographics, animated videos on social issues, Covid and shared in those groups. Along with youtube links shared.

Online assessment was done through google form for assessment of pandemic situations.

Webinar were organized for existing CBOs in the field.

Flood/ Disaster Relief

Bihar is India's most flood-prone state, with 76% population in the North Bihar living under the recurring threat of flood devastation. Bihar makes up 16.5% of India's flood affected area and 22.1% of India's flood affected population. About 73.06% of Bihar's geographical area, i.e. 68,800 square kilometres (26,600 sq. mi) out of 94,160 square kilometres (36,360 sq. mi), is flood affected.

At present time, the Corona virus is also spreading in Bihar. People live together without ensuring preventive measures of Covid-19 and on the other hand, the flood have also put them in problem. Thus, it is really a critical situation and the human

lives of the rural poor people are at great risk. The vulnerable population is facing difficulties in securing food and shelter and is also exposed to risk of getting affected by COVID-19.

Unlike the general distribution during the emergency, the food packets distributed in the target areas/ FICCL branches through our partner organizations.

Food Materials:

There were two categories of food materials:

- Type-1 for the beneficiaries of moderately affected beneficiaries who could manage to cook their food.
- 2) Type-2 for severely affected by flood who were immediate need

of food materials and were unable to prepare the food.

Medical / Health Services (camps)

Bihar Voluntary Health Association, Patna with the support of Fullerton India as a part of its "NIRMAYA" under Corporate Social Responsibility (CSR) programme has created awareness and provided health care services through 50 mobile health camps across the identified locations of following FICCL branches of Bihar:

- 1. Supaul
- 2. Begusarai
- 3. Rosera
- 4. Sitamarhi
- 5. Darbhanga
- 6. Sahebganj
- 7. Purnia

BVHA has implemented the mobile health camps with its partner organizations of the concerned districts.

SI. No.	Branch Location	District	No. of Health Camps	Name of the Implementing Partners	
1	Darbhanga	Darbhanga	7	Cuan Sowa Pharti Santhan	
2	Supaul	Supaul	7	Gyan Sewa Bharti Santhan	
3	Rosera	Samastipur	7	Unique Creative Educational	
4	Begusarai	Begusarai	7	Society	
5	Sitamarhi	Sitamarhi	8	Bihar GramVikash Parishad	
6	Sahebganj	Muzaffarpur	7	Amar Trishala Seva Ashram	
7	Purnia	Purnia	7	Mahila Vikas Kendra	

Total Number of Mobile Health Camps	50	Total Number of Patients to be treated	3668
--	----	---	------

Mobile Medical Unit Mobile Medical Service

5710 People including children, adolescent girls, pregnant and lactating women health check-up done in 26 target villages

954 Pathological tests of Hemoglobin, Blood Sugar Random, Hepatitis B, HIV, Urine Routine, Malaria Parasite, Typhoid and Dengue have been done.

In the Month of August and September-2020, the Covid-19 tests have been done in 11 villages with the support of Primary Health Centre, Maner. Total 1122 people Covid Test had been done, in which 06 are found Covid Positive. We organized 148 meetings with Mothers on growth Monitoring, in which weight of children having age between 0-5 years have been done and the records of weight have been kept.

Counselling with lactating mothers have been done on regular basis and they have been made aware about following aspects:

At least take three to four times food in whole day More consumption of Masoor Dal

More consumption of green vegetables, which are easily available in the rural areas

Intake of Iron and Calcium tablets, at least three months after delivery

Breast feeding must ensure till six months after the birth of children.

Counselling with eligible couple have been done on regular basis in regards to keep birth space between two children and importance of family planning after two children.

Eye Health

Eye Camp along with Cataract Surgery in Nuoan block of Kaimur district of Bihar with support of Alkem Laboratories Limited, Mumbai

Beneficiaries reached: 900 families Major Achievements:

- Number of Patient examined their eyes/OPD: 112
- Number of persons identified with Cataract: 62
- Number of patients admitted for Surgery: 53
- Number of patients cataract surgery done at the base hospital: 53
- Number of persons refracted: 50
- Number of persons identified with refractive error: 40

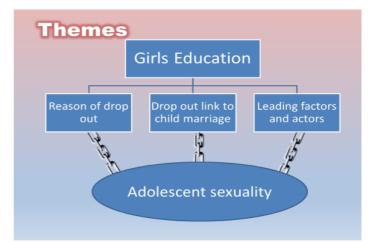

Capacity Building FLW / Strengthening of Health care system - KKS, MTBA (AFHC), Miserior etc.

Research and study

Youth Led Research

A 10 weeks' research program which was led by youth had significant and valuable aspects. YLR involved the meaningful and central participation of young people in all phases of the research, from the identification of relevant learning questions and methodology to the drafting of a study design and instruments, data collection, analysis and reflection to feed into programme implementation. Youth researchers were selected from the community and guided by youth research coordinator Mr. Raju Sharma, Bihar Voluntary Health Association.

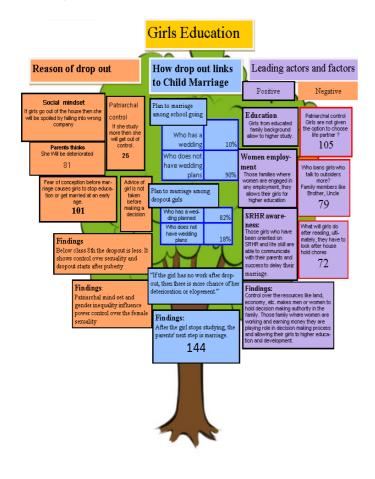

The objective of the Youth-Led Research was to explore and understand the journeys of young girls who have managed to navigate social norms and break the mould, the so-called 'positive deviants,' who have subsequently become mentors and/or role models to others. The initiative, however, will also include the participation of young girls who have – or are expected to – follow a more traditional pathway to marriage as dictated by the social norms shaping their lives, creating a space for the exchange of difference experiences and realities. Focusing on the stories of young girls, as they themselves experience, recount, interpret and present them, will allow us to gather important insights into promising pathways of change and draft relevant recommendations for **girl-driven** programme design.

Researchers: 15 Adolescent Girls Geographical area: East Champaran Respondents: 150 Adolescent Girls from 14 to 18 yrs age group

Youth Led Research Analysis

ADOLESCENT SEXUALITY AND CHILD MARRIAGE"

A learning exchange on community responses to addressing the links between adolescent girl sexuality and ending child marriage

- Learn from the experiences of different communities and or community actors
- Engage in knowledge co-creation, including recommendations for improving Child Marriage programs.

Area of Learning Exchange

Districts	East Champaran	West Champaran
Block	Raxual	Majhaulia
Panchayat	Haria, Dhangadhwa	Bekhabra, Baithania
Villages	Shivpur, Shyampur, Senubaria	Bekhabara, Bind-tola

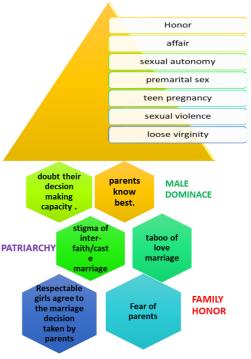

Knowledge Workshop

"Patriarchal Control and Regulation over Female Sexuality Refraining them to make the Intimate Decisions of their Life -Who and When to Marry??" To develop the understanding about patriarchal control and regulation over female sexuality refraining them to make the intimate decisions of their Life – "Who and When to Marry".?

Participants:

- Leaders, Managers & field Level functionaries of CSOs
- Social development professionals from International organizations

Capacity Building Programs

Bihar Voluntary Health Association has been playing pivotal role in strengthening organizations engaged in social development through various capacity building programs. BVHA is contributing significantly to enlighten employees' thematic knowledge, skill, attitude, talent and competencies. BVHA methodically proposes trainings programs as per the prerequisite of organizations and its human resources. Training wings of BVHA has played a

significant role in capacity building of human resources of projects running under organization.

BVHA has also conducted training on Prevention of Sexual Harassment(POSH) for HUSK POWER SYSTEM PRIVATE

LIMITED. With the help of BVHA member organization, Resource Pool of thematic intellectuals has been created to support all the capacity building requirements of CSOs. Training wings of BVHA has also designed and developed IEC on Sexual and Reproductive Rights (SRHR), Child Marriage. A animation short video was developed and circulated to whatsapp groups formed during the lockdown to disseminate important information.

Annual Report BVHA2020-21 Page | 40

BVHA participation in workshops/ events

BVHA believes in collective efforts for development. It has been actively participating in workshops, events and campaign organized by other organizations. As per thematic requirement, BVHA make participation of concern person. Thus we explore opportunities for staff capacity building too. During the year BVHA participated in various programs or workshops organized by different State, National and International development agencies, networks, Alliances, which details are as follows:

- Training on counselling of domestic violence victim during lockdown.
- Sexual and Gender based violence during COVID-19 pandemic organized by APCRSHR10
- CSO's response to COVID-19 organized by Grant Thornton
- Title "WASH for healthy homes India"
- Meeting on "Adaptive programming in times of COVID-19 in child marriage"
- Menstrual Hygiene Management
- Safe Drinking Water
- JSA Meeting
- Report on Virtual Consultation on Impact of COVID-19 and TB and Various schemes and programs related to TB to involve CSOs
- VIRTUAL CONSULTATION ON COVID-19 AND ROLE OF CSOS
- Annual General Meeting of ARC
- IGSSS, Caritas India & Indian Social Institute organized Virtual Meeting.
- JSA Orientation Programme
- Webinar on issues that are prevailing in Bihar in the time of COVID-19 and Flood

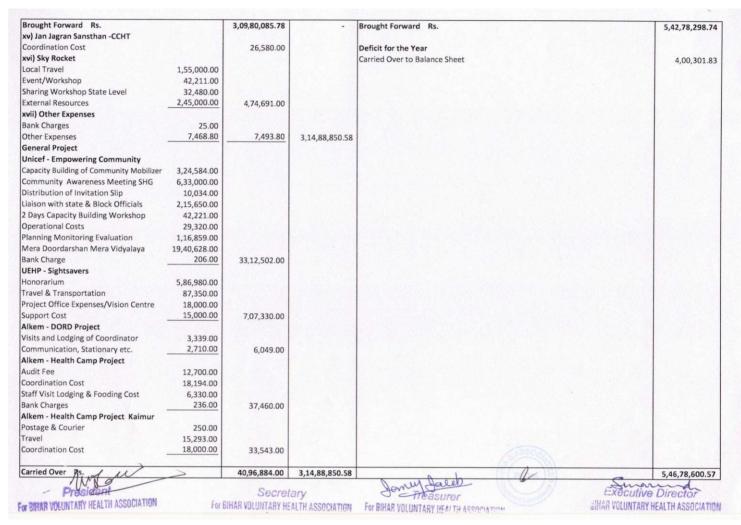

- Virtual Meeting was organised by Americares
- Webinar organized on "Cancer Preventions and Healthy Lifestyle"
- Webinar on Psycho Social Support (PSS) & dealing with Stigma- Discrimination related covid-19
- Virtual Meeting on the Global Action for SDG
- Virtual Meeting on Right to Health in Pandemic.
- Workshop on Child Marriage & Child Trafficking
- Jan Swasthya Abhiyan Meeting
- Launching of Muskan Express
- Webinar Meeting
- Webinar on Breast Cancer
- FCRA Act.
- Jan Swasthya Abhiyaan, Bihar Meeting
- Process Of Opening Bank Account
- Child Protection Issues & strategies
- National Consultation
- A one day meeting was organised by Dalit Adikar Manch.
- Goonj partners in Bihar for future strategic planning
